QUARTERLY REPORT ON ACTIVITIES

April to June 2017

Overview

During the Quarter Copper Strike Limited ('Copper Strike' or 'the Company') continued to hold its investment in Syrah Resources Limited (ASX: SYR) as that company progresses with construction at its Balama graphite project.

The Company's operating costs continue to be tightly controlled, with low ongoing expenditure.

Copper Strike currently has no exploration interests.

Syrah Shareholding

Copper Strike owns 11 million shares in Syrah Resources Limited, which is a holding of 4.2%.

Syrah Highlights during the June 2017 quarter

- Syrah announced that it awarded a Graphite Distribution and Logistics Services Supply Contract for the Balama Project to Grindrod Mauritius (Grindrod).

Copper Strike believes that the share price of Syrah continues to have considerable upside with Syrah advising in their Interim Balama Project Update on 4 July 2017 that the overall construction progress completion was 90% as at 30 June 2017. Syrah also advised that processing plant commissioning activities commenced in May and that the project remains on schedule for first production in August 2017.

In addition, any announcements by Syrah in relation to its dealings with its offtake partners and other stakeholders may provide significant share price momentum. As such the directors are of the view that it is in shareholders' best interests for the Company to continue to hold this investment to ensure that the potential upside in relation to the development of the world class Balama Project is reflected within the Syrah share price.
